

Dear []

I am writing to request permission to reprint [describe material, with bibliographic citation] over which you hold copyright in an article I am submitting for publication in the *Canadian Medical Association Journal*. In order for the Canadian Medical Association to be able to meet its obligations to its licensees for the micrographic, print and electronic distribution of its journal I am asking that you grant me a non-exclusive licence that will allow me to sublicense to CMA the right to store, print, reproduce, publish, transmit and distribute the [figure or table] throughout the world in print, micrographic or electronic form, for the full term of copyright of the article identified above.

I am proposing to use the following format for the credit line:

Reprinted from [include bibliographic reference] by permission of [name of copyright holder].

Thank you for your assistance with this matter.

Sincerely,

[]
