

DEFECT REPORT

- 1. Report Number:** 04
- 2. Source of report:** Michael Wheatley, MLW Ltd, for the British Library
- 3. Report Submitted to:** Interlibrary Loan Application Standards Maintenance Agency: 8 December 1997
- 4. Report Concerning:** ISO 10161-1:1997(E)
- 5. Type of Defect:** Clerical
- 6. References in Document:** Tables A.1, A-6 and A.9

7. Nature of Defect: In Table A.1 "Incoming Event List" the abbreviated names for various ILL-ANSWER.requests are given as:

ANSreq-CO ILL-ANSWER.request : result = CONDITIONAL
ANSreq-RY ILL-ANSWER.request : result = RETRY
ANSreq-UN ILL-ANSWER.request : result = UNFILLED
ANSreq-LP ILL-ANSWER.request : result =LOCATIONS-PROVIDED
ANSreq-WS ILL-ANSWER.request : result =WILL-SUPPLY
ANSreq-HP ILL-ANSWER.request : result = HOLD-PLACED
ANSreq-ES ILL-ANSWER.request : result = ESTIMATE

However, when these abbreviated names are used as incoming-events in Table A.6 Responder State Table - Processing Phase and Table A.9, the order of components of each names reversed.

ANS-COreq
ANS-RYreq
ANS-UNreq
ANS-LPreq
ANS-WSreq
ANS-HPreq
ANS-ESreq

8. Solution Proposed by the Source: The full-text Description of each incoming event in table A-1 indicates that the abbreviated names as used in Table A-1 are correct. The forms used in Table A-6 and Table A-9 should be revised to conform to this form. The same list of corrections applies to both tables.

ANS-COreq	should become	ANSreq-CO
ANS-COreq repeat	should become	ANSreq-CO repeat
ANS-RYreq	should become	ANSreq-RY
ANS-RYreq repeat	should become	ANSreq-RY repeat
ANS-UNreq	should become	ANSreq-UN
ANS-UNreq repeat	should become	ANSreq-UN repeat
ANS-LPreq	should become	ANSreq-LP
ANS-LPreq repeat	should become	ANSreq-LP repeat
ANS-WSreq	should become	ANSreq-WS
ANS-WSreq repeat	should become	ANSreq-WS repeat
ANS-HPreq	should become	ANSreq-HP
ANS-HPreq repeat	should become	ANSreq-HP repeat
ANS-ESreq	should become	ANSreq-ES
ANS-ESreq repeat	should become	ANSreq-ES repeat

9. Secretariat's Response: Not required
