

Agent 009 at Your Local Library

Dear Teacher,

Tell your students that they can solve mysteries with canine detective *Agent 009* this summer when they join the 2009 TD Summer Reading Club at (name of your public library). This program is a joint initiative between TD Bank Financial Group, Library and Archives Canada and the Toronto Public Library.

This program offers families fun, free activities to encourage children to read throughout the summer. Research has shown that the playful approach of these clubs is extremely effective in getting more children to increase their reading skills and to continue developing their literacy skills.

The TD Summer Reading Club is designed to motivate your students to develop and improve their reading skills throughout the summer by various fun-filled incentives and activities organized by the library. When children register at their local library for this free program, they will receive an exciting reading kit comprising a poster, nine stickers, a special Braille sticker and a full-colour activity booklet in which they can keep a reading log. Take a moment to check out the bilingual website at <http://www.td-club-td.ca/> to discover what the program offers. (Describe your summer program.)

But we need your help to spread the word about the TD Summer Reading Club. Enclosed are invitations for your class, as well as the Club poster created by illustrator Werner Zimmermann for display.

Please contact (name of your public library) for more information or to arrange for a class visit or library tour. Thank you for your support!

Sincerely,

Your local librarian
