Ten little mysteries

One little, two little, three little mysteries
Four little, five little, six little mysteries
Seven little, eight little, nine little mysteries
Ten little mysteries solved!

Detective, Detective (To the tune of: Twinkle, twinkle)

Detective, detective, like a spy
Asking who, what, where and why?
How do you do the things you do?
I wish that I were more like you.
If I study and observe,
Then one day I too could serve.

Little Detective (To the tune of: Frère Jacques)

Little detective, little detective
Where are you? Where are you?
I am hiding undercover. I am hiding undercover.
Here I am. Here I am.

Little detective, little detective
Follow the clues. Follow the clues.
I have solved the mystery. I have solved the mystery.
You can too! You can too!

Detective Pokey

You put your fingerprints in. You put your fingerprints out.
You put your fingerprints in and you shake them all about.
You do the detective pokey and you turn yourself around.
That's what the case is about!

You put your shoeprints in....
You put your smelling sense in (nose)...
You put your hearing sense in (ears)...
You put your "thinking" in (head)...
You put your detective self in...
...That's what the case is about!

Or try this version to the same tune.

*You may need to explain some of the terms used, for example, a "gumshoe" is a nickname for a detective, and they often refer to the police as the "long arm" of the law.

You put your gumshoe in. (*Put one foot in and then continue to follow the actions*)
You take your gumshoe out.
You put your gumshoe in
And you shake it all about.
You act like a detective and you solve the mystery.
Follow along with me!

You put your long arm in. (*Put one arm in and then continue...*)
You put your thumb prints in. (*Put in the tips of your fingers and then continue...*)
You put your thinking cap in. (*Put head in and then continue...*)
You put your smart self in. (*Jump in and then continue...*)

You'll be solving the case before we're done

(To the tune of: She'll be coming around the mountain)

You'll be solving the case before we're done.
You'll be solving the case before we're done.
You'll be solving the case; you'll be solving the case,
Yes, you'll be solving the case before we're done.

You'll be looking for clues before we're done...
You'll be taking lots of notes before we're done...
You'll be thinking and thinking before we're done...

Yay, you have solved the case and now we're done.

Detective, Detective

Detective, detective, turn around
Detective, detective, examine the ground
Detective, detective, look up and down
Detective, detective, look all around
Detective, detective, follow that crook
Detective, detective, take a careful look
Detective, detective, look at your shoe
Detective, detective, find the clue
Detective, detective, use your eyes
Detective, detective, wear a disguise
Detective, detective, use your nose
Detective, detective, don't you doze
Detective, detective, wink your eye
Detective, detective, say goodbye.

Detective Man (To the tune of: Spiderman)

Detective man, detective man
Does whatever a detective can
Finds the clues, in many ways
He's our man, on the case.
Look out!
Here comes Detective man.
Here comes Detective man!

If You're a Detective and You Know It

(To the tune of: If you're happy and you know it)

If you've got a case to solve say "Hmmm, interesting."
If you're going undercover, wear a disguise...
If you're following a suspect, tiptoe quietly...
If you have paper and a pen, write down notes...
If you're thinking and you're thinking pace back and forth...
If you've solved the case and know it, yell "Gotcha!"...

Solve the Case (To the tune of: Row Your Boat)

Who, where, why, what, when?
Those are questions asked.
When you have a case to solve
They will help you fast.

Search, search, search for clues
Everywhere you look.
Find all of the evidence
To catch that nasty crook!

Solve, solve, solve the case,
Quickly if you can,
Find the culprit; Save the day!
You will have some fans!

This Detective (To the tune of: This old man)

This detective, he played one.
He said "Listen, here's how it's done."
With a nick-nack, paddy-whack, give the dog a bone,
This detective rolled on home.

This detective, he played two.
He was looking for a clue

With a nick-nack, paddy-whack, give the dog a bone,
This detective rolled on home.

This detective, he played three.
He was hiding behind a tree
With a nick-nack, paddy-whack, give the dog a bone,
This detective rolled on home.

This detective, he played four.
He was waiting outside the door
With a nick-nack, paddy-whack, give the dog a bone,
This detective rolled on home.

This detective, he played five.
He solved the case and did a jive
With a nick-nack, paddy-whack, give the dog a bone,
This detective rolled on home.

One Smart Detective

(To the tune of: Five monkeys jumping on the bed)

Five bungling burglars taking things not theirs
One dropped his flashlight and tripped on the chairs,
The detective saw what happened and then declared...
"No more burglars stealing things not theirs!"

Four bungling burglars taking things not theirs
One slipped on the carpet and fell down the stairs,
The detective saw what happened and then declared...
"No more burglars stealing things not theirs!"

Three bungling burglars taking things not theirs
One looked in the kitchen and ate up all the pears.
The detective saw what happened and then declared...
"No more burglars stealing things not theirs."

Two bungling burglars taking things not theirs
One caught a taxi, but could not pay his fare.
The detective saw what happened and then declared...
"No more burglars stealing things not theirs!"

One bungling burglar taking things not theirs
He wrongly thought that no one else would care.
The detective saw what happened and then declared...
"No more burglars stealing things not theirs!"

One smart detective discovered all the clues.
With such foolish, bungling burglars,
How could he lose?

Clever Detective (To the tune of: Baa, baa, black sheep)

Clever detective, have you any clues?
Yes Sir, yes Sir, I sure do.
I saw what happened,
I even saw his face.
This last clue of all will surely solve the case.
Clever detective, have you any clues?
Yes Sir, yes Sir, I sure do!

Detective wants a case to solve (To the tune of: Mary had a little lamb)

Detective wants a case to solve,
Case to solve, case to solve.
Detective wants a case to solve.
He's the one to call!

Five Little Detectives

Five little detectives inspecting in a row
Wearing disguises with their gadgets all in tow.
One little detective said, "Oh, that footprint is new!"
He was on the trail of yet another clue!

Four little detectives ... "Oh, that fingerprint is new!"
Three little detectives ... "Oh, that tire track is new!"
Two little detectives ... "Oh, that crumpled paper is new!"
One little detective ... "Oh, that witness is new!"

You're My Detective (To the tune of: You are my sunshine)

You're my detective, my one detective
My case I always give to you.
You always help me;
You solve my mysteries.
You put together all the clues!

AGENT 009 (To the tune of: BINGO)

There was a person who solved crimes
And AGENT was his name-o!
AGENT 0-0-9, AGENT 0-0-9, AGENT 0-0-9 and AGENT was his name-o....

(Or, could be sung with just A-G-E-N-T, A-G-E-N-T, A-G-E-N-T, and AGENT was his name-o....)

I've Been Working on a Mystery

(To the tune of: I've been working on the railroad)

I've been working on a mystery
Looking for some clues.
I've been working on a mystery
And I know just what to do!
I will solve the puzzle, I will think it through.
Oh, I've been working on a mystery,
and would like to ask "Was it you?"

I'm a Smart Detective

(To the tune of: I'm a little teapot)

I'm a smart detective
You can't fool me.
I will solve your problem,
Oh so cleverly.
If you have a mystery
And can't find a clue
Give me a call
and I'll work for you.

Five Silly Robbers

Five silly robbers were hatching up a plan
Of how to crack the safe before day's end.
Along came a Detective, as clever as can be...
"It wasn't hard to catch you. It was elementary."

(Count down until...)

No silly robbers hatching up a plan
Of how to crack the safe before day's end.
Along came a Detective, as clever as can be...
"There is no way that they would outsmart me!"

Can You Find the Clue?

(To the tune of: *Do Your Ears Hang Low?*)

Can you find the clue?
Do you know just what to do?
Can you look both low and high,

For another clue to spy?
Can you listen, look, and see...
Try to solve the mystery?
Can you find the clue?

*A good detective sometimes needs a little help...
How about a trusty bloodhound?!*

Can you sniff the clue?
Do you know just what to do?
Can you follow 'long the trail,
As you wag your little tail?
Can you perk up high your ears
When a funny sound you hears?
Can you sniff the clue? (*howl*) A-a-a-wooo!

Little Spy, Little Spy

(To the tune of: Teddy Bear, Teddy Bear)

Little spy, little spy look up & down	(<i>hands over eyes, look up then down</i>)
Little spy, little spy do a secret knock	(<i>make knocking motion with hand</i>)

Little spy, little spy wink your eye	(<i>wink (or blink) your eye(s)</i>)
Little spy, little spy say "Good-bye!"	(<i>wave good-bye</i>)

Five Little Detectives

(A Countdown Rhyme)

Five little detectives headed out the door
One followed down the trail and then there were four
Four little detectives as brave as they could be
One dropped his looking glass and then there were three
Three little detectives looking for a clue
One dusted for fingerprints and then there were two
Two little detectives begin the chase on the run
One catches the bad guy and then there was one
One little detective tired from all the fun
She goes back to headquarters and now there are none!

(To the tune of: Do Your Ears Hang Low)

*Try to wear each hat as you sing about them to give the kids an extra clue.

Who wears this hat
When she's rescuing a cat?
Who puts on special clothes
And fights fire with a hose?
Whose truck is big and red?
Who wears this hat upon her head?
Who wears this hat?

(FIREFIGHTER)

Who wears this hat
When it's time to go to bat?
Who runs to every base
While the ball the others chase?
Who slides on into home
With this hat upon his dome?
Who wears this hat?

(BASEBALL PLAYER)

Who wears this hat
When they make their dough go splat?
Who adds flour, salt, and yeast
When their cooking up a feast?
