Activity 4

A Trip Through Your Settlement Group's Past

Name: _____ Date: _____

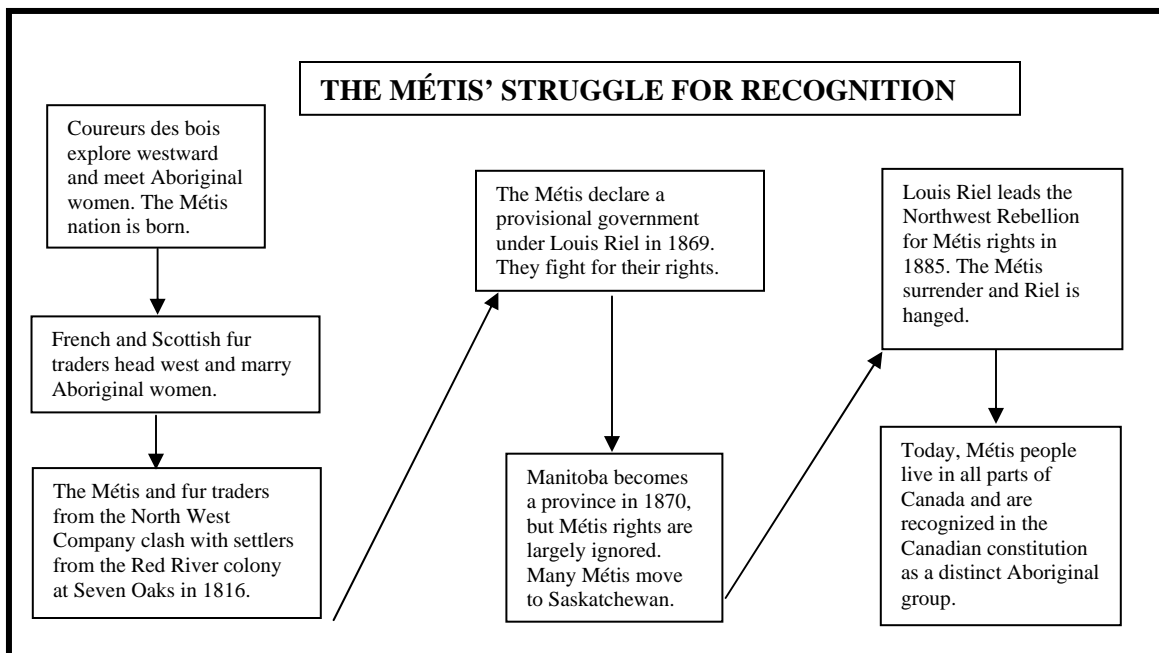

There are many ways to show the history of a settlement group. In this activity you are going to show the history of your settlement group's history. Follow these steps:

- Make a list of all the events that are important in your settlement group's history.
- Organize your presentation on a large piece of paper and mark where each of the events in your list should go.
- Write a sentence or two about each of your events. Cut them out and arrange them in logical order. Use arrows or some other symbol to link them together in chronological order.
- Add pictures and/or symbols that will make your presentation more interesting and give people a better idea of what life was like for this settlement group.

The example below shows one way of organizing your presentation. As you can see, it does not have any pictures or symbols to make it interesting. I know you can do a much better job. I look forward to seeing your presentations and learning more about your settlement group.

Jacques LeCastor

Settlement group: _____

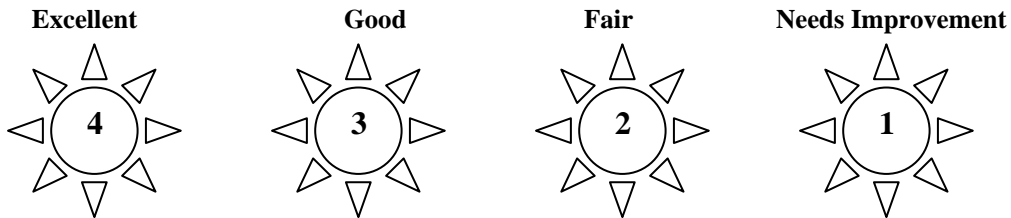

A Trip Through Your Settlement Group's Past

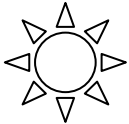

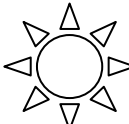

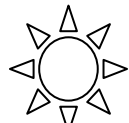

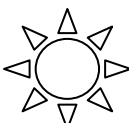

Name(s): _____ Date: _____

Settlement Group: _____

Instructions

In the box at the end of each line write the number that best describes your work on this activity.

The events chosen for the presentation gave the reader a good understanding of the origin or history of the settlement group.	
Appropriate pictures and/or symbols added to the viewer's understanding of the origin or history of the settlement group.	
Good use of design, space and colour was used in the making of the map.	
If a group activity: All members of the group worked cooperatively and contributed to the making of the map.
