Wringer washers

Square tub wringer washers designed to give your clothes more movement for a cleaner, less tangled wash.

So easy to use. Just plug into ordinary household current. Set cycle on easy-to-reach front controls. Save money by using soapy water for more than one load.

Built-to-last construction. Heavy-duty 1/3-hp motor, durable pump and reinforced chassis are built to take years of hard work. Agitator made of polypropylene, wash tub finished in durable porcelain enamel.

Model S501. Made for the budget-wise to give deep-down cleaning at a good price. Abt 21" square, 47" high. C57-A 1351—11.00 monthly* or cash 209.99

Model S502. De luxe wringer washer features an electric timer that stops washing action at end of pre-set time and can be set in hold position for extra long runs. With lint filter. Handsome chrome trim on body and wringer top. Measures about 21" square, 47" high. C57-A 1365—12.00 monthly* or cash 229.99

All Eaton VIKING appliances are covered by a strong warranty. See page 742 for details.
