## BEST Quality Tecomaster Professional Power Tools

**18** EDGERITE Orbital Sander. Fast, powerful, light weight.  $4\frac{1}{2}$  by  $5\frac{1}{8}$ -inch sanding area,  $1\frac{1}{8}$ -inch orbit. 3,450 orbits per min., no load speed. Self-oiling bronze bearings plus teflon-coated thrust washer and ball-bearings on sander drive plate. 115-volt, 60-cycle A.C. 1.8 amps. Induction-type Thermoweld motor. 53-A 2301. Grey satin polished finish. 19.95

**19** TECOMASTER Homecraft two-speed Orbital Sander. . . . 3,000 or 4,500 orbits per minute. Lightweight, highly polished aluminum housing.  $4\frac{1}{2}$  by 7-inch sanding surface. Direct drive orbital action, all ball-bearing construction, auxiliary type handle and on-off switch. 110-120-volt, 60-cycle universal series wound motor develops 1.75 amps. 53-A 2381. . . . 39.95  
53-A 2518. Single-speed (not illustrated). 1.6 amps. . . . 24.95

**20** TECOMASTER Professional Orbital Sander. For tough, continuous-duty jobs. Well balanced, compact. Meets industrial standards. All ball bearings. 9 by  $4\frac{1}{2}$ -inch sanding area with rubber pad. For 110-120-volt, 60-cycle, A.C.-D.C. 2.0 amp. 5,500 r.p.m. Heavy-duty slide switch.  $3\frac{1}{16}$ -inch orbit. 053-A 2517. . . . 64.95

**21** EDGERITE Portable Jig Saw with cutting capacity of  $1\frac{1}{8}$ -inch in steel; 2 inches in wood. No-load speed of 3,000 strokes per minute;  $5\frac{1}{8}$ -inch stroke. Cuts 2-by-4's at  $45^\circ$ . Bronze alloy bearings. 2/5-h.p. motor draws 3.0 amps. Three assorted blades. Auxiliary knob handle. Rip guide. 115-volt, A.C.-D.C. Equipped with a Thermoweld motor. 53-A 2302. Grey satin polished finish. 22.95

**22** TECOMASTER Homecraft medium-duty Sabre Saw with two speeds. 2,500 and 3,400 strokes per minute. Positive slide switch for high, low and off. Cuts 2-inch dressed lumber at  $45^\circ$ . Base tilts to  $45^\circ$  each way. Precision hobbled gearing and four sturdy blades. Draws 3.1 amps. 53-A 2383. . . . 37.95  
53-A 2510. Single-speed (not shown). 3.0 amps., 3,400 s.p.m. . . . 32.95

**23** TECOMASTER Professional Sabre Saw. Cuts up to 6 ins. at  $90^\circ$ , 4 ins. at  $45^\circ$ . Develops over 1/2-h.p. Cast aluminum frame. Features all ball-needle bearings, dust blower, rip guide, six assorted blades.  $1\frac{1}{16}$ -in. stroke. 053-A 2511. 4.5 amps, 2,400 s.p.m. . . . 59.95

**24** EDGERITE 7-inch Circular Saw cuts 2-by-4's at  $45^\circ$ . Has rip guide; safety slip clutch; blade guard lifter; protractor for angle cutting; adjustable cutting guide. Rated at 8.0 amps. Thermoweld motor. 5,000 r.p.m. no-load speed.  $5\frac{1}{8}$ -inch arbor. Self-oiling bronze alloy bearings. For 115-volt, A.C.-D.C. 053-A 2303. Grey satin polished finish. 39.95

**25** TECOMASTER Homecraft 7-inch Circular Saw. A well-built medium-duty power tool for home use. Features rip guide, safety slip clutch, retractable blade guard and bronze bearings. Adjusts for angle and depth of cut. Cuts  $2\frac{1}{8}$  ins. at  $90^\circ$ .  $1\frac{3}{4}$  ins. at  $45^\circ$ .  $1\frac{1}{2}$ -h.p. motor draws 10.0 amps. 3-wire cord. 110-120-volt. Plus combination blade—gleaming high polish finish. 5,500 r.p.m. 053-A 2509. . . . 49.95

**26** TECOMASTER Professional Circular Saw. Features safety clutch, all steel precision hobbled gears, graduated depth bevel adjustments, adjustable rip guide and telescoping blade guard. Cut to  $2\frac{7}{16}$  ins. at  $90^\circ$ ,  $1\frac{3}{4}$  ins. at  $45^\circ$ . 12.0 amp. "Thermoweld" motor. Combination blades. 5,500 r.p.m. 053-A 2799.  $7\frac{1}{4}$ -inch blade. . . . 79.95  
053-A 2798.  $6\frac{1}{2}$ -inch blade, 9.0 amps. 72.95

## THERMOWELD MOTORS WON'T BURN OUT

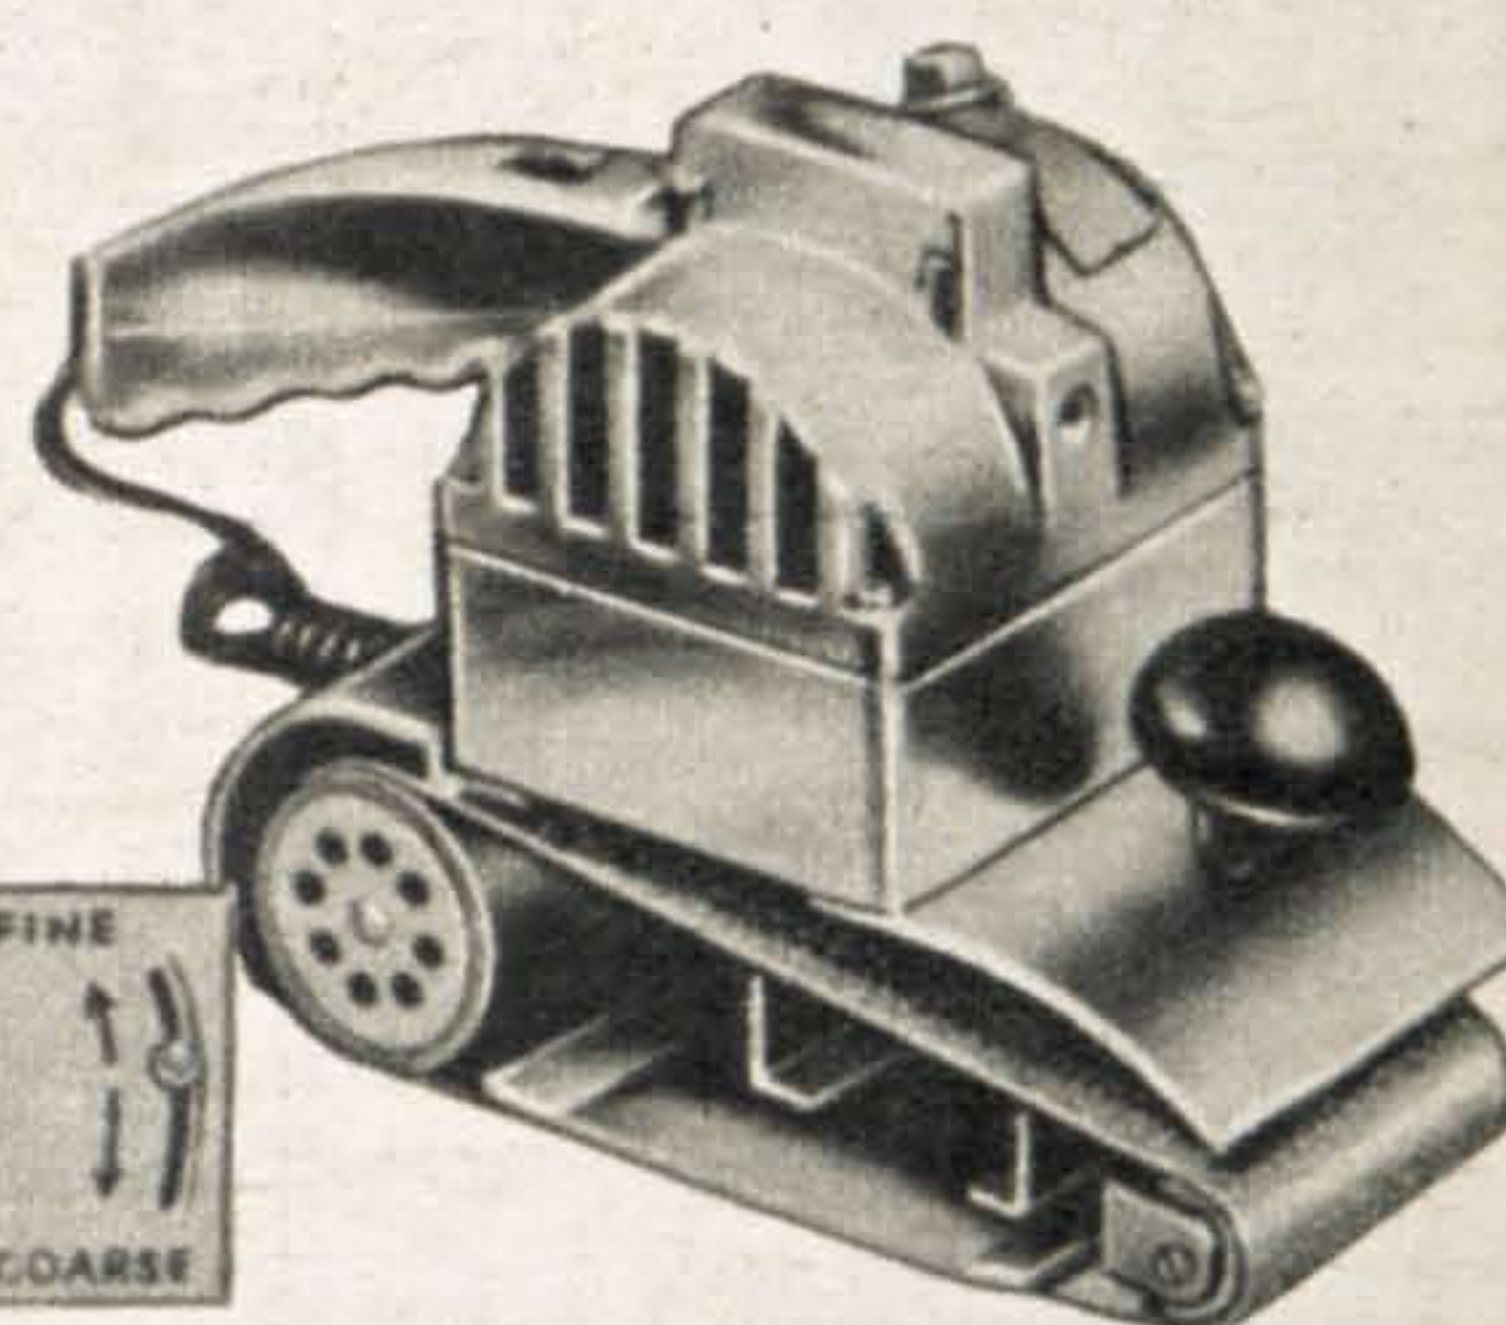

Armature wire exceeds conventional strength, is coated with a heat-resistant varnish and is welded (not soldered) to the commutator bars. This permits continuous use, even when motor runs hot! Full replacement on any EATON'S thermowelded power tool that fails under normal working conditions.

## Power Impact Tool

**97<sup>95</sup>** or 7.00  
Cash Monthly\*

Mechanic's choice! Versatile, light-weight Power Impact Tool . . . tightens or removes bolts and nuts fast. Drills through steel up to  $1\frac{1}{2}$ -inch thick with just a flick of the switch. All ball-and-needle-bearing construction. Three-jaw,  $1\frac{1}{2}$ -inch capacity chuck; converts tool to  $1\frac{1}{2}$ -inch drill. Universal series wound motor operates at 1,900 r.p.m.; gives 1,900 blows per minute. Reversing switch in handle.  $1\frac{1}{2}$ ,  $9\frac{1}{16}$ ,  $5\frac{1}{8}$ ,  $11\frac{1}{16}$ ,  $3\frac{1}{4}$  and  $13\frac{1}{16}$ -inch hex sockets. 115-volt, A.C.-D.C. operation. Complete with case. 053-A 2503. . . . 97.95

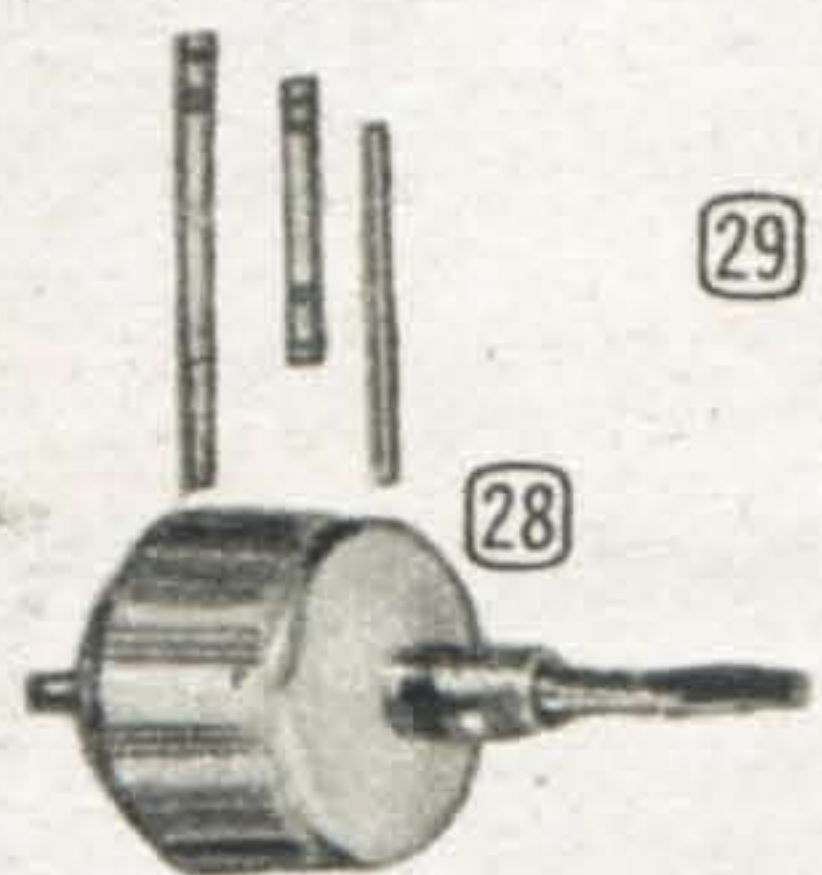

## Belt Sander

**59<sup>95</sup>** or 6.00  
Cash Monthly\*

A precision tool with variable speed control. Powerful 4.5-amp. Thermoweld motor. Bronze alloy bearings, heavy-duty on-off slide switch, belt adjustment and powerful gear drive. Slide switch varies speed from a minimum 750 r.p.m. to a maximum 950 r.p.m. Top lug enables it to be mounted as a table sander. Includes three sanding belts—fine, medium and coarse. 053-A 2626. 115-volt, A.C.-D.C. 59.95
